Niagara Peninsula, Sparkling Icewine, Inniskillin (37.5cl)	Niagra	2002		£125

Icewine is made when the grapes are completely encapsulated in ice, which freezes the water inside, but not the sugars and fruit content. The juice that is left is therefore concentrated and very sweet. Niagra is the largest producer of icewine in the world due to its consistent annual freezing periods. Sparkling icewine in particular (made in the Champagne method) is an intense and memorable experience.
